

Lansdowne Neighborhood Association
Board Meeting
July 20, 2001
Crestwood Christian Church

Present: Sonny Wray, April Pottorff, Laura Zimmerman, George Ely, Dave Sweetall, Will Harward, Steve Branham, Lissa Pohl, Barry Blondell, Gray Manis, Ame Sweetall

Absent: Robin Bradley

A motion was made by Lorie Averitt, 2nd by George Ely to accept the minutes from the May meeting.

Treasurer's Report: Attached

Special Events: Ame Sweetall presented a list of questions regarding the neighborhood picnic. Suggestions were made to change the way the door prizes are passed out. Maybe even limit the amount of door prizes. Possibly send out postcards as invitations, instead of a flyer in the newsletter passed out by street captains. Consider having a different cost for members and non members to attend the picnic.

Beautification: A work day for weeding and mulching the medians has been scheduled for Saturday, 7/23 at 8:00 am.

Membership: Sonny reported that we have 325 members to date.

Environmental: Barry Blondell reported that Judy Worth had the water quality tested again of the creek behind Arby's and there is a high fecal count. The question was raised is this information going to the city? The creek by the bridge is full of glass again. Is it possible for the city to put up a do not litter sign?

Technology: Dave Sweetall showed the beginning stages of the new LNA website. The address is <http://promptsite.comm/LNA>

Fayette Neighborhood Council: George Ely reported that at this meeting Chris King, Director of Planning and Jim Duncan, project manager have ask for ND1 to be simplified. Also asking for public input to be sent to planning commission and this will be used as a guide for any new zone changes. Also, the Tates Creek sidewalk project is in the contacting property owner stage.

Unfinished Business: Sonny reported that he would order trees for the medians and Zandale Park and have them stored at the nursery until we are ready to plant. A \$2,000 grant has been received for the plantings.

Meeting was adjourned at 8:40.

Respectfully Submitted,
Lorie Averitt
